J.F. Hoyer - Billan

I saw Rasmussen this morning -
 He tells me that 3 out of 11
 U.S. pilots have gone to the Dutch
 East Indies as Instructors.
 They are naval pilots but have
 gone as civilians and expect to
 be at Sourabaya for two years.
 He also told me which I expect
 you know that the Dutch are
 purchasing a total of 300 planes
 from the U.S. including 36 P.B.Y.s
 and expects the delivery of the
 latter to start in June or
 possibly earlier -
